TO: ALL APPLICANTS FOR PLANNING BOARD SITE APPROVAL

RE: COUNTY DEPARTMENT OF HEALTH  
COUNTY DEPARTMENT OF PUBLIC WORKS OR  
NEW YORK STATE DEPARTMENT OF TRANSPORTATION PERMITS

Due to the increasing number of projects adjacent to State or County highways requiring permits from these jurisdictional authorities, and due to varying requirements for curb cuts, storm water management facilities, and on-site sanitary disposal systems, the Town of Colonie Planning Board will be unable to approve projects in the Town until all appropriate State and County permits have been issued and copies submitted to the Town Planning and Economic Development Department.

This policy applies only to the requirements for site approval and subdivision approval and the procedures of the Planning and Economic Development Department in administering these matters for the Town of Colonie Planning Board. Applicants should consult with other Town Departments to determine their requirements.
