

SANITARY SEWER SYSTEM CERTIFICATION

I, _____ a New York State licensed

() ARCHITECT () PROFESSIONAL ENGINEER () PROFESSIONAL LAND SURVEYOR
WITH EXEMPTION

have been retained by the owner or developer to provide inspection and necessary reports of the **SANITARY
SEWER SYSTEM** installation for the following project: _____

located at: _____ to determine compliance with Town of Colonie
Department of Public Works Division of Pure Waters standards and specifications, and New York State
Department of Environmental Conservation standards for Waste Treatment Works.

I certify that the Sanitary Sewers have been installed in conformance with previously submitted and approved
drawings and specifications along with any amendments thereto. I also certify that the system has been tested
and meets the infiltration requirements and that the sewer system is ready to be placed into service.
