

Next Comprehensive Plan Review Committee on February 27

The next meeting of the 2005 Comprehensive Plan Review Committee will be held on Wednesday, February 27, 2019 at 6:00 pm at the Town of Colonie Public Operations Center.

At this meeting, the Committee will present its final recommendations regarding the plan following a process of review involving the community. It is open to the public but is not meant primarily to solicit public input. There will be, however, a specific place on the agenda for public comment.

Adopted in 2005, the Comprehensive Plan called for a review after ten years. The Town also convened a committee in 2010 that reviewed progress and milestones achieved during the first five years under the Comprehensive Plan. The 2005 Comprehensive Plan and other relevant documents can be viewed [here](#).

The Public Operations Center is located at 347 Old Niskayuna Road, Latham, NY 12110.
